THE KEELEY INSTITUTE

Think of yourself and your future—and act now. Send for our booklet. It's free on request.

You Could Earn Far More "If You Didn't Drink

LET'S forget sentiment in looking at this drinking question, and get down to hard-pan business

Drinking cuts down your earning power. And in time will cut it off altogether. Because people lose confidence in a man who drinks. If you are working for yourself you will lose your customers—and if you work for some one else you'll lose

You may shut your eyes to this fact for a time—and try to think you are an exception to the rule. But you're not. For as long as you have a cause you will have an effect. Just as long as you keep on drinking it will cost you a big money loss. A greater and greater loss as time goes on, until it amounts to hundreds or even thousands of dollars every year.

There's just one way to stop all this loss and that is to get at the root of things. Cut out the effect by cutting out the cause—the desire for drink.

Come to the Keeley Institute at Greensboro, and you will get all your old earning power back again. In four weeks of our treatment you will be just as keen a business man as you ever were. With all your old energy, clear judgment and steady nerves. And the cure will be worth a thousand times what
